

[Expert workshop: Nutrient recycling](#) [1]

This workshop discussed the current situation with respect to phosphorus recycling from manure and put it into the perspective of phosphorus recycling from all sources. The goal was to have participants exchange views and their knowledge of best practices in this sector and to discuss the macroeconomic and societal impacts of these practices. Preliminary results from a case study on phosphorus processing from manure were shared as part of the CIRCULAR IMPACTS project.

Date:

Tuesday, 27 February 2018

Location:

Wageningen University & Research, The Hague

The CIRCULAR IMPACTS project has received funding from the European Union's Horizon 2020 Programme for Research and Innovation under the Grant Agreement no. 730316.
